FUNCTIONAL TECHNOLOGY® FRAMEWORK

THREE WAYS TO ENGAGE

Half-Day Strategy Session

A 4-hour intensive with 1 to 2 weeks of email prep. You leave with a prioritized technology punch list, risk flags, and a concrete 1–6 month action plan you can execute immediately or hand off to your team.

Fractional CTO — Engaged

Embedded partnership driving transformation end-to-end: infrastructure, security, ERP and CRM, team hiring and evaluation. Delivers a Functional Technology® Systems Map within 30 days. Operates at quarterly, weekly, and daily cadences alongside your leadership team.

Strategic Advisor

Ongoing strategic guidance after an initial engagement. Quarterly executive reviews, bi-monthly sprint planning, and unlimited email access. Keeps your technology roadmap current without the overhead of a full-time hire.

THIS WORKS BEST WHEN YOU ARE

- A mid-market company without a full-time CTO, or with a CTO who needs a strategic counterpart
- Facing a critical inflection: ERP overhaul, cyber insurance renewal, PE acquisition, compliance gap, or rapid scale
- Spending on technology but not yet seeing a measurable return on that investment

INDUSTRIES SERVED

Manufacturing
Healthcare
Fintech
Aviation
iGaming
Non-Profit

HOW IT WORKS

- 1 30-minute conversation** — We identify exactly where technology is costing you, not serving you.
- 2 Functional Technology® Systems Map** — A full picture of your environment, gaps, and prioritized roadmap. Delivered within 30 days.
- 3 Execution** — We implement the plan alongside your team and measure results in cost, performance, and risk.
